922M-V12, 922M-V12/P  
924M-V12, 924M-V12/P

**Specification:**

**DISCONTINUED**

**Comments:**

The Hakko MACH Series Soldering Irons are basic plug-in stick irons that have been a long time part of the Hakko product lineup. These are fixed temperature stick irons and use specific MACH Series Soldering Iron tips (918 Series, 920 Series, and FP Series... FP Series is for SMT packages). At this time, replacement parts for the MACH Series Soldering Irons are still available and should be for the coming years.
