PRODUCT BULLETIN

Bulletin No: PB340

Issue Date: 12-3-2013

Effective: 12-3-2013

Product Description:

Carbon/Odor filter for the HAKKO HJ3100

Part No:

999-182

Specification:

DISCONTINUED

Comments:

The 999-182 Carbon/Odor filter for use in the HAKKO HJ3100 has been discontinued. The replacement is the 999-245 Carbon/Odor filter used in the current HAKKO FA-430 Fume Extraction System.

Performance of the filters are equivalent so there is no impact to the continued use of the HAKKO HJ3100 with this new replacement filter.

The 999-245 Carbon/Odor filter is in a smaller, compact frame. Due to the size difference, the Filter Adapter Frame (PN: 999-241) will be needed when this filter is used in the HAKKO HJ3100. The Filter Frame Adapter does not need to be replaced once installed.
