

American Hakko Products, Inc.

P R O D U C T B U L L E T I N

Bulletin No: PB247

Issue Date: November 29, 2006

Product:

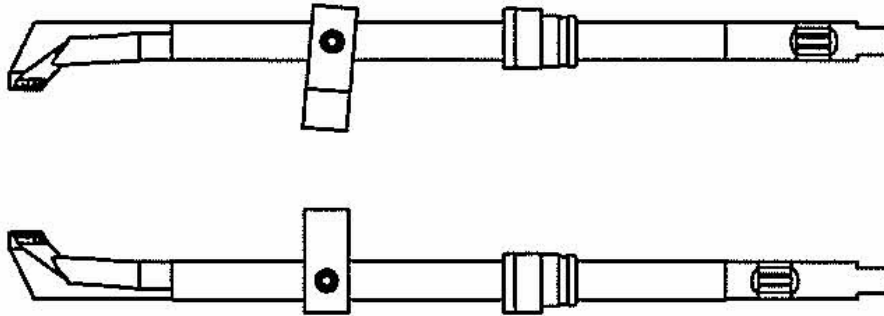

Blades for FT-800 Thermal Wire Stripper

Part No:

G1-1603, G1-1604 and G1-1605

Specification:

See photos on following page for wire gauge sizes

Comments:

The blades have been angled to allow for easier wire stripping in tight areas. The blade angle allows for a low profile when stripping wires in areas of tight access. Gauge sizes of 18-26 and 24-36 are available as well as straight blades (no gauge sizes are cut into the blade). A new Lead Adjuster (B3257) provides a wire stop for repeating wire strips of the same length.

Accessories:

B3257	Lead adjuster (wire stop)
-------	---------------------------

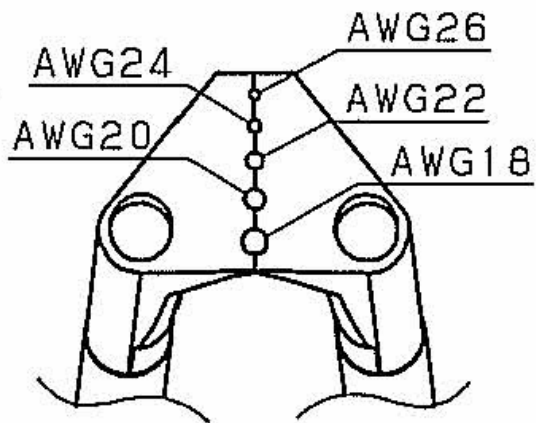

Available:

November 15, 2006
